Professional Objective

Final-year Cloud Engineering student with hands-on experience in AWS, Azure, and Google Cloud Platform. Passionate about DevOps practices (CI/CD, containerization, Infrastructure as Code) and eager to contribute to innovative cloud projects.

I also have strong interest and foundational skills in Data Analysis and Visualization, using Power BI.

Motivated, curious, and rigorous, I am seeking an internship where I can apply both my cloud engineering and data analysis skills to deliver scalable and data-driven solutions.

Education

EPI DIGITAL SCHOOL

2024 – Present

Cloud Computing & Networks Engineering Degree

HIGHER INSTITUTE OF TECHNOLOGICAL STUDIES OF MAHDIA

2023 – 2024

Master's in IoT Services Development

ESSTHS – HIGHER SCHOOL OF SCIENCE AND TECHNOLOGY OF HAMMAM SOUSSE

2020 – 2023

Bachelor's in Computer Science, Software Engineering & Information Systems

Skills

- Cloud Platforms: AWS, Azure, Google Cloud
- Infrastructure as Code: Terraform, Ansible
- DevOps & CI/CD: Jenkins, GitHub Actions
- Containers & Virtualization: Docker, Kubernetes, VMware
- Databases (DBMS): MySQL, PostgreSQL
- Programming & Scripting: Bash, Python, JavaScript, Laravel, ReactJS
- System Administration: Linux (Ubuntu), Windows Server
- Data Analysis & Visualization: Excel (advanced), Power BI (beginner), Data Analytics

Languages

- French: Fluent
- English: Intermediate – Professional working proficiency
- Arabic: Native

Professional Experience

● CLOUD ENGINEERING INTERN – SUBUL PLATFORM (SUMMER INTERNSHIP)

SMARTOVATE / JULY 2025 – SEPTEMBER 2025

- Designed and implemented a Backup and Disaster Recovery Architecture for the Subul e-learning platform on AWS.
- Deployed the Subul platform on Microsoft Azure, ensuring high availability and reliability.
- Contributed to improving the cloud infrastructure of an online platform dedicated to cloud certification training in the Middle East.

● IT INTERN – CYBERSECURITY

BH BANK | JULY 2024

- Conducted penetration tests, vulnerability assessments, and network security analysis.
- Strengthened the bank's IT infrastructure resilience through hands-on security testing.

● FULL-STACK DEVELOPER INTERN (PFE)

YOOREED SOUSSE | MARCH 2023 – JUNE 2023

- Developed a web platform for a travel agency.
- Built the back-end with Laravel and the front-end with ReactJS.

Projets

FINAL YEAR PROJECT – 2025

- Automated deployment of Odoo ERP and PostgreSQL database.
- Containerized with Docker, orchestrated with Kubernetes, provisioned via Terraform on AWS.
- Built a CI/CD pipeline with Jenkins for automated deployment.

Certifications

- Microsoft Azure Fundamentals (AZ-900)
- AWS Academy Cloud Security Foundations
- AWS Certified Cloud Practitioner (CLF-C02)
